The all-new 2016 Focus RS.*

It's the first RS model to hit the streets in North America. Focus RS features a 2.3L EcoBoost® engine projected to produce 350 hp,** making it the fastest and most powerful Focus ever. RS also debuts the new Ford Performance All-Wheel Drive with Dynamic Torque Vectoring for the next level in handling capability. Plus, it's the first RS with drift mode and launch control.†

**Tested with 93-octane fuel. †Track use only.
